

# Adobe Dreamweaver CS4: Level 3

Course MDWCS403 • 1 Day

## ▶ COURSE OVERVIEW

You know to create professional looking web pages. Now, you may need to display dynamic content on web pages. In this course, you will use Adobe® Dreamweaver® CS4 to create and administer database-driven sites.

## ▶ AUDIENCE

This course is intended for designers, developers, graphic artists, and media marketing personnel.

## ▶ OBJECTIVES

Upon successful completion of this course, students will be able to:

- Establish database connectivity.
- Work with record sets.
- Create interactive page elements.
- Administer database records.
- Create a user authentication system.
- Administer websites.

## ▶ PREREQUISITES

To ensure your success in this course, it is recommended that you first take the following courses: Adobe® Dreamweaver® CS4: Level 1 and Adobe® Dreamweaver® CS4: Level 2, or have equivalent knowledge.
